Test Tag#	Scrapies Tag#	Microchip # *	Sire AKGA Reg. # & Name	Dam AKGA Reg.# & Name

**\*Microchip number must match exactly the microchip number submitted on the AKGA registration application, if AKGA registration is later applied for.**

Breeder will need to follow up with the Performance Committee Chair after the test to request calculation of the PTP designator (e.g. "FO345"). Do not forget – to have the PTP designator added to the PTP nominated buck's registration certificate, be sure to mark the space on the registration application where it asks if the buck is part of the AKGA PTP program.

A deadline of two (2) months after of the end of the test will apply for breeders to request that a designator be calculated for their nominated buck. The buck can be registered with its designator for up to eight (8) months after the end of the test.

In order for the breeder to receive awards for their bucks' performances at the Annual Meeting, their PTP bucks need to have applications for AKGA registration – with their designators – applied for 60 days prior to the Annual Meeting. **PLEASE BE SURE TO READ ALL THE INFORMATION ON THE PTP WEB PAGES BEFORE NOMINATING BUCKS TO THE AKGA PTP.**
